

# SDL-75 HAMMERLESS WASHPIPE CARTRIDGE

Premium's SDL-75 washpipe cartridge brings an economical hammerless solution to your top drive. The SDL-75 uses standard seals, but unlike conventional washpipes, the seals can be pre-compressed in the housing before installation.

The 100% self-contained design ensures the rig crew can quickly and efficiently perform maintenance operations. The SDL-75 works with a set of clamp adapters which are installed on the top drive quill and gooseneck threads. Once installed, the SDL-75 can be easily removed or re-installed using the single point retention clamping system.

## BENEFITS

- ◆ True hammerless, self-contained system
- ◆ Available in 3" ID for 5000 or 7500 psi
- ◆ Uses standard washpipe spacing (TDS11 or Canrig)
- ◆ Seals can be compressed on the workbench prior to installation
- ◆ Utilizes standard packing with optional high temperature packing available

| Dims | NOV     | Canrig  |
|------|---------|---------|
| A    | 11.188" | 15.563" |
| B    | 16.250" | 10.250" |
